

Endpoint Central WAN Architecture

* Firebase Cloud Messaging (FCM) for **Android** | Apple Push Notification Service (APNs) for **iOS** | Windows Notification Service (WNS) for **Windows**

* Supports endpoints with the following OS platforms : **Windows** | **Mac** | **Linux** | **Chrome (Chromebook)** | **iOS (Mobile & Tablet)** | **Android (Mobile & Tablet)** | **Windows Phone (Mobile)**

* Server Infrastructure supports configuring Failover Server to act as a standby, whenever the primary server fails.
